1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

**In claims**

Claims 16-48 are cancelled.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Robert Bushnell on 09/12/2006.

2. In view of applicant's initiated telephone interview with Mr. Robert Bushnell on 08/30/2006 and 09/12/2006, the Examiner treats applicant's petition as a reconsideration of the previous restriction requirement and rejoins formerly withdrawn method claims 7-15 with the elected product claims 1-6. Limitations of the method claims 7-15 are consistent with the limitations of the product claims 1-6. As to withdrawn claims 16-48, these claims remain withdrawn from consideration since invention relating to claims 16-48 is patentably distinct from that of claims 1-15. The Examiner cancels claims 16-48 (by Examiner's amendment).

Art Unit: 2879

3. The following is an examiner's statement of reasons for allowance: prior art of the record does not disclose applicant's claimed method of fabricating an organic electro luminescent display including all the claimed steps as specifically recited in claim. Claims 1-6 are allowed for reasons as set forth in the previous office action.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
